We Belong

Insane Clown Posse

(crying) Ahhhh little baby bitch ass is crying again whats the matter feelin like you dont fit in anywhere (yeh) what about fittin that ass in with us the mighty Deezy Cizzarn? We`ll fuckin gladly take ya We take all shape, colours, sizes and genders We are the mighty, mystical, mythilogical, dark mother fuckin Carnival, Byaa atchh!

I see your feeling alone again, you's a mother fucker Feeling like you dont belong, like you the only other? But some of us scrubs got it worse then you, No homies to call on, or crew to belong to, Some us said fuck all that bullshit and dropped outl; Some of us stood up to fight but got knocked out Some of us like to cuss and dont like ya format, We like the wicked shit we chose not to ignore that, Some of us be comin out of more then a broken home, Some of us be livin out of a cars and carry on Some of us see the Budget Suits as a real appartment and make you take off your shoes on the carpet Some of us are on parol and cant leave the state, And some are dead and gone my homie blaze can relate. And some cant afford a free phone call but some of us's equal us all, think about that.

We Belong We Belong Our Carnival Is Here We Belong We Belong Find Us Everywhere

Some of us own dope cars that fail to exist Some of us have profiles, nobody else fits and some aint got time for the monks in Tibet because my own kids are hungry and there looking at me for shit Some of us own drug paraphernalia material, and some of us have incurable sexual venereals and some of us have dreams of being a star and most wont make it that far, but its all good Some of us cant afford the coolest shoes Some us gives a fuck about popularity choose Some bitches tittie dance cause they babies are cryin, others say there dancing for college and you know that they lyin, Some us are in love with people who aint ours, Some us dont give up until there behind bars, and some us must of been born to take the fall. But some us's equal us all, and I`m with you
