

You kicked my cat.  
You got my dog.  
You took his collar,  
Put it on your wall.  
Along with Bud  
And Nikki Sixx.  
Tell me whose life,  
Is now at risk.  
Take me far away until I'm whole.  
Help me understand what's in my soul.  
I've been around the world a million times.  
Please take me away  
You burned down my house.  
I lost my head.  
Your Camel matches.  
Laid upon my bed.  
You met my mom.  
You met my dad.  
You sniffed my glue.  
You're not so bad.  
Please take me. Please hear me.  
Please know me. Please fear me.  
Please take me away.
