

Nothing To Lose

Inspection 12

Willing. Waiting. I never knew this was inside of me.
Im Dreaming. Facing my future now whatever it may be.
Im on the brink and wide awake.
An open mind. An unknown fate.
Ive still got time so I wont fight destiny.
At times I feel like Im alone, but then I think about my friend
s.
I know that they're in the same boat and I have sympathy for th
em.
I know they feel the way I do, not knowing there is to come.
They know I'm feeling that way too and they know that they're n
ot alone.
Nothing to lose.
