

## Caravan

Inspirational Carpets

Sun, here's the sun  
Let's go to the lake  
We'll take you down  
Just say the word

Rain, here's the rain  
Slip and slide in vain  
Mud between our toes  
Saturations take you home

They came through the sun  
They came through the rain  
Through this rocky terrain  
A caravan

Everyone take note  
We've dug here before  
Here is where I'll lie  
When this night is done

It's time I guess  
As we go marchin' on  
Live for every day  
As if it were the last

They came through the sun  
They came through the rain  
Through this rocky terrain  
A caravan

Sun, here's the sun  
Let's go to the lake  
We'll take you down  
Just say the word

Rain, here's the rain  
Slip and slide in vain  
Mud between our toes  
Saturations take you home

They came through the sun  
They came through the rain  
Through this rocky terrain  
A caravan
