You've got 27 years on me  
The things you're doing make me smile  
The days we spend are sent from heaven  
And you're always on my mind  
And you're always on my mind

In my heart, there's a rainbow glowing  
(In my heart)  
In my head, there's a moon so bright  
(In my head)  
In my sky, there's a snow cloud snowing  
(In my sky)  
Sandman's coming out tonight

I've got 27 years on you  
The things you're doing make me laugh loud  
The days we spend are sent from heaven  
And you've given me my life

In my heart, there's a rainbow glowing  
(In my heart)  
In my head, there's a moon so bright  
(In my head)  
In my sky, there's a snow cloud snowing  
(In my sky)  
Sandman's coming out tonight

Ba ba ba ba ba ba  
Ba ba ba ba ba ba ba  
Ba ba ba ba ba ba  
Ba ba ba ba ba ba ba

Planet spins, planet spins  
And another generation gives the hope  
And the joy and the life to the beat  
To the heart of the next

Free at last, free at last  
Free at last, free at last  
Thank God Almighty  
We are free at last
