

## Many happy returns

Inspiral Carpets

You try to move up near me  
I sense and now I can see  
It's all what you can do for me

So far and so long away now  
Found another home I am happy  
It's all what I can do for you

It's many happy returns  
Although you don't deserve  
It's many happy returns  
It's many happy returns now

I try to get away but  
All of the time you follow  
It's just a moth to a flame

It's getting way hard to live here  
It's getting too hard to see you  
This is what you have done to me
