

Out of time

Inspiral Carpets

I see something turning in your mind
Round these vicious circles out of time
I met a [] it's just the same old story
Opening your head it's just look right through me
What gets left when hope gets left behind

Sometime things will easy but that's not now
Great can be a reason for it all
You should have a thoughts of a new solution
Calling all the [shocks] that fall from/if you gone to heaven
I just need a safe place anyhow

You're out of time
