I did not take to analysis So I had to make up my mind and hold it for a while I would not just leave you without a kiss But I guess there must come a time, when there's no more tears to cry Thieves and snakes need homes, need homes Barricade It starts to feel like a barricade To keep us away, to keep us away It kind of does It starts to feel like a barricade To keep us away, keep us away I could not lean on the politics 'Cause I didn't want to train my eye to hold so short a time Oh so high, just don't know where the blind could lead the sightless But I still like to witness Thieves and snakes need homes, need homes Barricade It starts to feel like a barricade To keep us away, to keep us away It kind of does It starts to feel like a barricade To keep us away, keep us away Full speed, half blind Full tilt, decline We turn to past times Full speed, half blind You know us You know us And we said....

I'm sorry Say I'm sorry

Sometimes it feels like a barricade To keep us away, keep us away It kind of does How much fear can you fabricate To keep us away, keep us away You know us

Full speed, half blind Full tilt, decline We turn to past times Full speed, half blind

Full speed, half blind Full tilt, decline On to old times Full speed, half blind
