

Diagnosis Terminal

Into Eternity

Diagnosis terminal

My life is ending soon I know
This diagnosis terminal
Alone forevermore
Disbelieving

Terminal
Leads me back into eternity
Empty void inside
Any future denied
The virus inside
Eating me alive

You were waiting
In my sullen dream
My reality

Incurable
Take me back to the way it used to be
All my dreams deprived
No more sense of life
My emotions collide
Biding forth my time

Diagnosis Terminal

My life is ending soon I know
This diagnosis terminal
Alone forevermore
Disbelieving
