

## Isolation

## Into Eternity

Inner scars that never heal  
Another day in this solitude  
This resistance turned prison cell

Your life is slowly fading  
Your life is built upon a lie  
Existence now forgotten  
Memories of isolation  
Isolation

The anxiety's convincing  
You'll end your tribulations  
Panic has taken over

The fear sinks in a crushing hold  
Keep the outside from closing in  
Slowly dying

Your life is slowly fading  
Your life is built upon a lie  
Existence now forgotten  
Memories of isolation  
Isolation

The fear sinks in a crushing hold  
Keep the outside from closing in  
Slowly dying

Your life is slowly fading  
Your life is built upon a lie  
Existence now forgotten  
Memories of isolation  
Isolation  
The anxiety's convincing  
You'll end your tribulations  
Panic has taken over
