Isolation

Into Eternity

Inner scars that never heal Another day in this solitude This resistance turned prison cell

Your life is slowly fading Your life is built upon a lie Existence now forgotten Memories of isolation Isolation

The anxiety's convincing
You'll end your tribulations
Panic has taken over

The fear sinks in a crushing hold Keep the outside from closing in Slowly dying

Your life is slowly fading Your life is built upon a lie Existence now forgotten Memories of isolation Isolation

The fear sinks in a crushing hold Keep the outside from closing in Slowly dying

Your life is slowly fading
Your life is built upon a lie
Existence now forgotten
Memories of isolation
Isolation
The anxiety's convincing
You'll end your tribulations
Panic has taken over
