

## Left Behind

## Into Eternity

I've seen my life burned  
Before my eyes  
Out of control it's too late  
Too late to say goodbye  
Enter a new state of mind  
Release me from it all  
Exit all problems that I've  
Worried for far too long  
Soon free

Cast out left behind  
Acceptance will take time  
My cards laid on the table  
I'm coping can this be  
Why is this happening to me?

Drowning you push  
Me under water

Left behind

Dig down I'll be found  
Closing the coffin now  
Forget of my existance  
Don't worry, now I'm free  
Already forgotten me  
Hammer the nails and  
Close my tomb

Soon free
