

## A Monolithic Vulgarity

Intronaut

Everything you've uttered is an echo  
And this is not a curse  
At least not by the hands of another

Your refuse  
Will fertilize  
Your own children  
And the tunnel is burrowed eternally

As time digests itself  
It worms through the path  
And is excreted  
As time digests itself

Gargantuan malformation  
Worms through the path  
And is excreted
