

## Multiple Homicide

Inveracity

Punishment for immoral deeds  
Unfaithful whore  
I possess you with my blade

Fatally stabbed - cry out in terror  
Razor's edge - cold eyes of fear  
So perverse - multiple homicide

Phallic weapon - my shinning knife  
Murder heals improve  
No traces of sex - just bloodshed

Fatally stabbed - cry out in terror  
Razor's edge - cold eyes of fear  
So perverse - multiple homicide

Strip nude for the murderer  
Too beautiful to die  
Your sweet body for the killing  
Naked female flesh  
I am forced to kill again  
I caress you with my blade  
Ritualistic murder
