

## Listen Like Thieves

INXS

On the talk back show  
On the radio  
At the local bar  
In the hot traffic by the red tail lights  
Everybody's down on their knees  
Listen like thieves  
But who needs that  
When it's all in your hands

And we take it down  
To the end of town  
Where they have control  
But they're losing touch when the lights go out

Everybody's down on their knees  
Listen like thieves for the end signs  
But who needs that when you've got it all in your hands  
It's all in your hands  
It's all in your hands

You are all you need  
You are all you need  
And that is everything  
So don't hesitate  
There's no time to waste  
You just do it for yourself
