

# Shine

INXS

Making up my life  
Killer in the night  
Rattling my brains  
Looking for that light

Shine, shine  
Ah shine so bright, shine

When does that thing  
I want to breathe her in  
Throw away my world  
If I could see that pearl

Shine, shine, shine, shine  
Shine, shine, shine, shine

The skin is deep  
But your oh so weak  
Don't put your faith  
In the words they speak

The skin is deep  
But your oh so weak  
Don't put your faith  
In the words they speak

Gimme gimme reason for the things I do  
Silhouette I'm seeing in the shape of you

Gimme gimme reason for the things I do  
Silhouette I'm seeing in the shape of you

Shine, shine, shine  
Shine, shine

When it does that thing  
Killer in the night  
Rattling my brains  
Looking for the light

Shine, shine, shine, shine  
Shine, shine, so bright

Gimme gimme reasons for the things I do  
The silhouette I'm seeing in the shape of you
