We Are the Vegetables

Well I've got this feeling in the back of my head I feel like making someone's face turn red Learning bike's and ditto vices Try to look bored and your going places

We are the vegetables We are the vegetables We are the vegetables We are the vegetables

Some music is playing by metal gazers It's gone through the stage where everyone makes it Do you think that we're not good All I really know is I think you should

We are the vegetables We are the vegetables We are the vegetables We are the vegetables

Well I've got this feeling in the back of my head I feel like making someone's face turn red Learning bikes and ditto vices Try to look bored and your going places

We are the vegetables We are the vegetables We are the vegetables We are the We are the We are the Vegetables INXS
