

Spiral Maze

Ion Vein

Why does the rain fall
When the sky is filled with sun?
Why do we run and hide
When our smiles become undone?
Where are the answers
To the questions beyond our sight?
Running in circles
Chasing the golden light

Alone in a dreamscape
Beyond disillusion
Paging through chapters
Of a book called confusion
Watching in wonder
As the day fades to black
Open your eyes
To see the vision coming back

Twisting and turning
Spinning around inside
Life is an endless maze
Spiraling in our mind
Forever revealing
The strength of our own device
Cracking the spiral maze
Finding the guiding light

Where do we go from here?
What does the pain reveal?
Who is the one to blame?
Should it really matter?
Revealing the inner child
Caught in a tangled web
Grasping for solitude
Leaving the past behind you

Twisting and turning
Spinning around inside
Life is an endless maze
Spiraling in our mind
Forever revealing
The strength of our own device
Cracking the spiral maze
Finding the guiding light

Lie to me, hide from me
You can't see inside of me
Walking on broken glass
Chasing the memories
Free me from the pain

Twisting and turning
Spinning around inside
Life is an endless maze
Spiraling in our mind
Forever revealing
The strength of our own device

Cracking the spiral maze
Travelling to the light

Don't walk away
Too many years have gone by
We can't turn back the hands of time
But we can leave the past behind

Twisting and turning
Spinning around inside
The clock is ticking
Crack the spiral maze
