

A Pocket Size Of Armageddon

Iperyt

Never ending sequence of agony

A split second nightmare rapture

A constellation of perverted dreams

Transformed into momentary salvation

I transgress the context of omnipresence

Wallowing in abstract sickness and pain

Deconstruction of existence

A crown of nothing, a crown of all

A crown of nothing...

A crown of all...

A pocket size of Armageddon

A gangbang of mind

A pocket size of armageddon

Deflagration of the I

Abuse abuse abuse

f**king your body and mind

Internal chaos blast

Wretched symphony of disgust

Live to hate

Hate and kill

Kill to enslave

Enslave to set yourself free

The wicked grotesque soul asylum

With walls covered with blood of the sane
Let this f**king morbid lust drive me
As I'm licking the greasy floor of hell

Shelter from what's most unreal
I'm getting near
Don't ask me if I am a beast or a slave
I'm free, 'cause I no longer care
