

# Transgression Of Inhumanity

Iperyt

Can you hear the coming storm of roaring hellfire?  
Come! ... and see your pathetic world  
Dying in fire of purification.  
Bloodshed, genocide

Blackned end of humankind!  
Opression, tyrrany  
Life be gone, the truth revealed.

Flesh of lambs begins to rot.  
Transgression of inhumanity  
Perversion coronated  
Bloodrenched worship of sodomy.

Blackned end of humankind!  
Opression, tyrrany  
Life be gone, the truth revealed.

Only the obdurate hearts  
Are destined to conquer and rule  
From the throne of abomination  
I scatter the ashes of dying generations.  
Manifestation of rapacious will  
The madness of yesterday becomes the logic of tomorrow  
World collpase unleashes the vengeful ones  
Fall from grace, the predators are no longer chained.

This the dawn of obscurity  
This the dawn of a new aeon  
The revelation of annihilation  
Devourment of pitiful life.

Flesh of lambs begins to rot.  
Transgression of inhumanity  
Perversion coronated  
Bloodrenched worship of sodomy.  
Can you hear the coming storm of roaring hellfire?  
Come and see your pathetic world  
Dying in fire of purification.
