

All This Time

Iration

Nice guys always finish last I learned it from my past
And if you never take control you'll have to let it go
When it was out of my hands I couldn't shape it
But now I'm glad I fell the time has taught me well

All this time I've been waiting
All this time the things I've been saying
All this time but I can feel it changing
The moment's finally come around after all this time

Some are gonna grow up fast forget about the past
Some are gonna take it slow but in time they'll grow
When I was trapped in the mold I couldn't break it

But now it's come undone and I can feel the sun

All this time...
