

## High Flying

Iration

We both know you can't take it slow  
Cause we've seen it all before  
Neon lights you live for the night  
Sneaking out the back door  
Rolling the dice you're caught up in the vices  
Lifting lines another score  
Late night buzz you're not one to trust  
You never needed help before

I know you're high flying  
And I'll be waiting here when you're done trying  
It's been a long long long time  
And I'll be making sure you touch down fine

You're playing the club an ace for the love  
And breaking hearts from up above  
Endless fun gamble and run another day you ask for more  
Living up so high you're caught up in the sky and you'll  
Never die or fall in fear but it's getting clear  
The ship's hard to steer you're tearing through the atmosphere

I know you're high flying  
And I'll be waiting here when you're done trying  
It's been a long long long time  
And I'll be making sure you touch down fine
