

# No One But You

Irene Cara

No One But You  
knew I was lost and scared,  
you picked me up and at last I found someone who cared.

No One But You  
reached out a hand to me,  
You held me close, showed me who I am.  
All I can be.

Out on my own, I was standing alone  
and I ran to you.

Tears took their toll but you opened my soul.  
From that moment I knew there was No One But You.

No One But You  
gave me my life again.  
I didn't fall and now I know why,  
you gave me strength to try.  
Your love pulled me through.  
No One But You.

Ohhhhhuh.

Tears took their toll but you opened my soul.  
From that moment I knew there was No One But You.

No One But You  
gave me my life again.  
I didn't fall and now I know why,  
you gave me strength to try.  
Your love pulled me through.  
No One But You.  
No One But You.  
No One But You.  
No One But You.

Yeah, yeah, yeah. Ooooooh.  
No One, No One  
But, But You.  
Hey, hey, yeah.
