Let's Invite Them Over

Iris DeMent

I know why you're lonely and I know why you're blue You're lonesome to see him and I long to see her too We're not in love with each other, we're in love with our best friends So let's invite them over again

We've talked it over and over and we know it's not right We should stay away forever but we're lonesome each night Yes we stay away for a while but we know in the end We'll invite them over again

We've talked it over and over and we know it's not right We should stay away forever but we're lonesome each night Yes we stay away for a while but we know in the end We'll invite them over again Let's invite them over again
