Guide On Raging Stars

Know the feeling No strange reason You kneel, stars hang low To them I go...

Many times I'd become lost Many times I'd become damned When the ways I can't explain At once became my secret out I'm an under levied cost And I'm here to make amends Where the universe explains it all the way I never can

Easily I'm yours Night's dark outdoors Guide on raging stars I know who you are

Many times I'd become lost Many times I'd become damned When the ways I can't explain At once became my secret out I'm the under levied cost Coming here to make amends And the universe explains it all the way I never can

All the reasons I've come All the searching I've done 'Cos I want to send you All the life I've got (am I too late?)

Many times I'd become lost Many times I'd become damned When the ways I can't explain At once became my secret out I'm an under levied cost And I'm here to make amends Where the universe explains it all the way I never can
