

And the situation's over  
It don't lie  
And it makes you wonder too hard  
Who'd be right

Come with me to see one last thing  
I've got time  
And I want to show you something  
You might like

I can feel it now  
Oh the place I pray to see  
Something lost is found  
Leaves our souls forever free

Everything we really wanted  
Enters clear  
Take a look around  
Go walking  
See what's here

Stay inside my dream until our  
Time wears thin  
Walk out on this island with me  
Then turn in

Can you feel it now  
Oh the place I pray you see  
Something lost is found  
Leaves our souls forever free
