

Are You Happy

Iron Butterfly

Are you happy?
I met a pretty girl on a date last night,
And let me tell you now, she was groovy.
And I kissed the pretty girl, and I held her tight,
Let me tell you now, she was groovy.

And now, no matter what I try to do
My mind's drifting back to you.

Are you happy?
And now, no matter what I try to do
My mind's drifting back to you.

Are you happy?
To you.
Are you happy?
Oh, I love you.
Please, tell me now that you're happy,
Please, tell me now that you're mine.

Please, tell me now that you're happy,
Please, tell me now that you're mine.

I want to tell you I love you.
Are you happy?
