

Fields of Sun

Iron Butterfly

Fields of sun-blossomed flowers
Ever so gently movin' about

Fields of life-givin' sun
Plant the Earth
And bring the new young in sprout

This is the never-ending story
Of life which goes on
Day in and day out

Mountains of evergreen trees
Standing tall and straight
Like soldiers about

Fields of sun-blossomed flowers
Ever so gently movin' about

Fields of life-givin' sun
Plant the Earth
And bring the new young in sprout

This is the never-ending story
Of life which goes on
Day in and day out

Mountains of evergreen trees
Standing tall and straight
Like soldiers about
