## **Iron Butterfly**

Heat on my back, you know I'm busy makin' tracks, I'm arunnin' (runnin') I got bills to pay, no! I throw them all away, high rollin' (ro llin') Well, I've been told I'm careless And my dearest dreams must go

I wanna be free, free Let my wheels spin around I'm gonna free, free, free, I'm gonna take it on down

Movin' outta line, hey! I'm feelin' fine, hey baby (baby) High in heaven, on a seven or eleven, I roll on (roll on) Well, I've been told I'm hopeless But I just can't agree

I wanna be free....free....free I wanna take it on down

The old ones say I'm lazy But that's an ancient point of view

I'm gonna be free, free, free let my wheels spin around I'm gonna free, free, free I'm gonna pass it around
