

Most Anything You Want

Iron Butterfly

Most anything that you want, girl, is all right by me.
Most anything that you want, girl, is all right by me.
Girl 'cause, I just wanna make you happy
That's all I'm trying to do,
Yes, I just wanna make you happy,
and spend my lifetime with you.

Most anything that you want, girl, is all right by me.
Most anything that you want, girl, is all right by me.
Girl 'cause, I just wanna make you happy
That's all I'm trying to do,
Yes, I just wanna make you happy,
and spend my lifetime with you.
