

Realm Of Madness

Iron Fire

I left my world behind
Traveled into the great unknown
I thought this path would lead
To my final salvation
An escape to the dark side
A journey to the underworld
Misguided now I see
It was the wrong evolution

Got an angel on my shoulder
But it's the demon in my mind that speaks to me

Real of madness, has pulled me in
Real of madness, the master of sin
Real of madness, I try to escape
Real of madness, emotional rape

Come along with me my friends
I heard a voice in my dream
I show you a world
Beyond your imagination
I was weak and I was blind
A moment of clarity
I repent the devils deed
And now I'm left to suffer

Got an angel on my shoulder
But it's the demon in my mind that speaks to me

Real of madness, has pulled me in
Real of madness, the master of sin
Real of madness, I try to escape
Real of madness, emotional rape

I don't know my name anymore
I walk in shame forevermore
This is my confession to you
I'm sorry for the hell I'll put you through

Real of madness, has pulled me in
Real of madness, the master of sin
Real of madness, I try to escape
Real of madness, emotional rape
