

Taken

Iron Fire

They will come in the night
Sky light up bright
They've been here before
The black hole is the door
Claim the right to test
The uninvited guest
Losing track of time
A universal crime

Blinded by the black
A mind control attack
Forever a slave to be
The truth will set you free

I think I've been taken
I might be mistaken
The truth will set you free
And I'm not faking
Taken

Denying all the facts
Surveillance all intact
The sequence we can't break
Transmission kills like the plague

Evil comes in black
In time they will attack
Before the dawn of days
Mankind was meant to face
Blinded by the black
A mind control attack
Forever a slave to be
The truth will set you free

I think I've been taken
I might be mistaken
The truth will set you free
And I'm not faking
I think I've been taken
I might be mistaken
But I can't stop shaking
And I'm not faking
Taken

They grab in my dreams
Time stands still while they operate
