

# Como Estais Amigos

Iron Maiden

1. Co - mo esta amigo  
For the death of those we don't know  
Shall we kneel and say a prayer  
They will never know we care  
Shall we keep the fires burning  
Shall we keep the flames alight  
Shall we try to remember  
What is wrong and what is right

R: No more teras  
No more tears  
If we live for a hundred years  
Amigos no more tears

2. If we do forget them and  
The sacrifice they made  
Will the wickedness and  
Sadness come to visit us again  
Shall we dance the dance in sunlight  
Shall we drink the wine of peace  
Shall our tears be of joy  
Shall we keep at bay the beast

R: No more teras...

\*: Inside the scream is silent  
Inside it must remain  
No victory, no vanquished  
Only horror, only pain

R: No more teras... (2x)
