Only the Good Die Young

Iron Maiden

The demon in your mind will rape you in your bed at night The wisdom of ages, the lies and outrages concealed Time it waits for no man My future it is revealed Time it waits for no man My fate is sealed

If I cancel tomorrow the undead will thank me today Fly in the face of your prophets I mock your morality plays The moon is red and bleeding The sun is burned and black The book of life is silent No turning back

Only the good die young All the evil seem to live forever Only the good die young All the evil seem to live forever Only the good die young Only the good die young

Mystery madman a victim of cruel charade Some innocent pawn in an end game one more stalemate Is death another birthday? A way to kiss your dreams goodbye? Do the undead live within us And look through our eyes?

Walking on water are miracles all you can trust Measure your coffin does it measure up to your lust? So I think I'll leave you With your bishops and your guilt So until the next time Have a good sin

Only the good die young All the evil seem to live forever Only the good die young All the evil seem to live forever Only the good die young Only the good die young

Seven deadly sins Seven ways to win Seven holy paths to hell

Seven downward slopes Seven bloodied hopes Seven are your burning fires Seven your desires...
