

## March 666

### Iron Mask

In a time of war and throw  
In a land where madness ruled  
The devil's hand was pulling the strings  
Uniting them all  
Hypnotizing with his speeches  
Behind the mask of the nation's pride  
Then he raised a furious army  
To hide his lies

Oh oh oh March 666  
Oh oh oh March 666

He used fear as his biggest weapon  
There was no mercy in his eyes  
Follow his word and you'll be safe  
For the sake of the race  
The troops of death were marching on  
Gathering women, children and men  
Orders to kill, orders to torture  
Die for the Reich

Oh oh oh March 666  
Oh oh oh March 666
