

## Revenge Is My Name

Iron Mask

Follow my glorious ride, children of sorrow  
Army of braves, vengeance will be our quest  
Fighting for honour, die for your sons  
And the light will always be our pride  
Demon's eyes will never bright  
I will find you, I'll spit on your grave

Revenge is my name, Revenge is my name  
Killing this evil reign, Revenge is my name

Running through fire, running for cover  
into enemy lines  
I am the predator, you've gone too far  
Now you will pay the price  
Do you think you are the chosen one?  
King of chaos, king of straw  
I will catch you and you'll taste my blade

Revenge is my name, Revenge is my name  
Killing this evil reign. Revenge is my name

Face my anger, face the truth  
King of chaos, king of lies  
I will kill you, I spit on your grave
