We are sons of Avalon
We born in fire
Like the phoenix we will rise
Out of the ashes
We will die for Avalon
The holy sword
The glory of the braves
Raining power of the mountainlords

We are the troopers of avalon, ready to fight, great and strong

Fighting for honour to kill his bad life
Like a lonely wolf i have to survive
Hanging from a tree the visions i see
Formula of life give me strenght to break these evil spells

Scaly of our troops, people they crushed
dungeons of the holy king
Kingdom will rise
glory will shine
Now will satans pride by fire die
