

# I got your back

Iron Weasel

when you got no one else to turn to  
when you see that no one's on your side

know that you can count on me  
I'll be there for you as strong as I can be  
so cast your fears aside

I got your back  
you never have to worry  
cuz I'll never rest  
I got your back  
say do something crazy  
'n all I'll say is yes  
if someone gets in your space  
it's me they'll face  
anyplace, anytime  
oh, I got your back  
cuz I know you got mine

you know I got ur back  
you can depend on that  
like you got mine  
you can always count on that  
oh, I got your back
