

Don't Take Your Love Away

Isaac Hayes

Don't you ever take your love away
I need your loving more than roses need the rain
Don't you ever take your love away
It would only break my heart and i couldn't stand the pain

The love we share keeps us together
Everyday it grows a little more
If I'd ever lost this heaven girl
I would lose all the things that i've been living for

[chorus]

You are such a sweet anticipation
Love fulfills my every need
Everyday's a love as vacation
I don't want to wake up from this wonderful dream

[chorus]

Rainy days or sunny weather
It doesn't matter as long as I got you
Oh lover let's stay together
'Cause i don't want to lose this groove that we're in two

[chorus]
