

# I'm Gonna Have To Tell Her

Isaac Hayes

I'm gonna have to tell her  
I just can't help myself  
I'll suffer the consequences  
I'm to a point  
I just don't care  
I've fallen in love with you  
And I got to let her know  
If leaving her means keeping you  
Then I've got to let her go  
That's why ...  
I'm gonna have to tell her  
It's all over  
I'm gonna have to tell her  
It's all over now  
I've got to try and tell the kids  
In a way they'll understand  
That sometimes these things  
Can happen to a man  
I'm hung up on you girl  
So much until it hurts  
The more I see of you  
The less I wanna see of her  
I'm gonna have to tell her  
It's all over  
I'm gonna have to tell her  
It's all over now  
I'm a hung up on your love  
So much until it hurts  
The more I see of you  
The less I wanna see of her  
That's why  
I'm gonna have to tell her  
It's all over  
I'm gonna have to tell her  
It's all over now  
I didn't mean  
To let this thing get so strong.. no  
Sometimes when you're merry in love  
You can't tell right from wrong  
I'm gonna have to tell her  
I've slipped and fell in love  
I'm gonna have to tell her  
It's all over  
Got to try and tell the kids  
Daddy won't be coming home  
I'm gonna have to tell her  
She's gonna be sleeping all alone  
God give me strength  
I don't want to make her cry  
But I've got to tell her  
Just can't tell her no more lies  
I'm gonna have to tell her  
It's all over now  
I'm gonna have to tell her  
It's all over now
