

# No 1

Isac Elliot

I may be young but I swear it's real  
No 1 is too young for love  
It's kinda weird but I like the feel  
So now I'm going in for more

(In my mind) You're in my mind  
(In my heart) You're in my heart  
(From the day) From the day  
(You wrote "hello") You wrote "Hello"  
(Follow you) I follow you  
(Follow me) You follow me  
And baby imma' let you know that

My heart is acting crazy  
Girl when you're around me  
Guessing what I feel is love

If we have each other  
Life, love and laughter  
No 1 is too young for love

I said No 1  
I said No 1  
I said No 1  
No 1 is too young for love

I like your style  
But I love your smile  
Longing for the day we meet

You change your profile picture everyday  
But you're perfect just the way you are

(In my mind) You're in my mind  
(In my heart) You're in my heart  
(From the day) From the day  
(You wrote "hello") You wrote "Hello"  
(Follow you) I follow you  
(Follow me) You follow me  
And baby imma' let you know that

My heart is acting crazy  
Girl when you're around me  
No 1 is too young for love

If we have each other  
Life, love and laughter  
No 1 is too young for love

I said No 1  
I said No 1  
I said No 1  
No 1 is too young for love

Johnel: No 1 is too young for love  
I wanna make that clear  
Even though I try to tame my feels

That's how I keep it real

Johnel: The only thing I wanna see you laugh  
And never make you cry, that's right  
Well that's the truth, the fact, the bottom line

Johnel: I always tryna' keep me cool in everything I do  
But that all changed the day I saw the pic of you

My heart is acting crazy  
Girl when you're around me  
No 1 is too young for love

If we have each other  
Life, love and laughter  
No 1 is too young for love

I said No 1  
I said No 1  
I said No 1  
No 1 is too young for love
