

Parachute

Isac Elliot

I know you been scared let me hold you
Girl lay right there close to me
I'll take it from here trust me baby
from the storm I'll steer hold on to me
When all the lights gone
I'll be I'll be fighting for you and me
And all the hope's gone
you'll see I'll be there

When you're falling you know
I'll be there for you
Just take my hand hold on
I'll be there for you
I'll be your parachute falling down down down
I'll be your parachute before you fall down down
I catch you

So cold up here let me warm ya
No need to fear just fly with me
When all the lights gone
I'll be I'll be fighting for you and me
And all the hope's gone
you'll see I'll be there

When you're falling you know
I'll be there for you
Just take my hand hold on
I'll be there for you
I'll be your parachute falling down down down
I'll be your parachute ,before you fall down down
I catch you

When the rains falls down ,yeah
When the rains falls down
I'll catch you
When the rain fall down where under my parachute

Baby girl don't you know that
When you're falling you know
I'll be there for you
Just take my hand hold on
I'll be there for you
I'll be your parachute falling down down down
I'll be your parachute before you fall down down
I catch you
