There is no reason for my mind To try to find the flames that died Walk like a loner in the night Trying to find you

How can i dream this vision
When I must seek my mission
What can you hide from in my mind

Why can't I hold your fire When it is burning higher Why do I fear the heat inside

Every night I'm trapped by eternal fire Can't you see what you do to me

Caught by fire
When I see your angel eyes
Caught by fire
You make me hypnotized
Caught by fire
When you touch me with desire
Caught by fire
You make me realize

Why can't you try to ride the wind Or live your life in darkest sin Hide like a devil in disguise Never to find you

If I can feel your breathing Couldn't you stop this feeling Lost in my mind, you wont be found

Why can't you see I'm hurting Can't you forget your searching Fading away, you can not stay
