

Same Thing

Islands

Turned on the radio
So many songs
This one is good
But what else is on

Same thing
Same thing
Same thing
Same thing

I loved a girl
And I will never love again
There's no one in this world
I could ever love again

Same thing
Same thing
Same thing
Same thing

I can't wait to see
What becomes of me
The ease with which I sleep
Tends to frighten me
