

Don't Want to Leave / I Still Love You

Israel Houghton

Don't want to leave this holy place
Don't want to miss the smile on Your face
Right where You are I long to be
Safe in Your arms with You telling me
Telling me that everything will be all right
And You see every tear (I cry)
Down on my bended knee
Lord I don't want to leave this holy place, this holy place

Down on bended knee Lord I don't want to leave
All that You have for me I receive
Heal my infirmity
And you restored every shattered dream
You're the song when I cannot sing
You're the words when I cannot speak
Comforter in the night
Help in my troubled times
You encourage me tenderly
That is why I don't want to leave

Down on my bended knee Lord I don't want to leave
All that You have for me Lord I receive
Heal me, restore me
Song when I cannot sing, cannot speak
You are my Comforter in the night
This holy place [x4]
And I have seen your tears
And I know your fears
But I still love you
So in this quiet time
Once again I'll remind you
That I still love you

Doesn't matter what you've done
Or if you're hiding
Doesn't matter if you run
My light's still shining
And I've carved you with my hands
I understand why you would question me
The uncertainty

But I still love [x3] you...I still love [x2] I love you
