

Love God Love People

Israel Houghton

How can I thank You for the way that you freely gave
Love so beautiful unconditionally
Had to stop take a break feelin' good today
Everything's wonderful You didn't have to do this for
me
But then I look and see all of the suffering
I wanna do something
But something's gotta start with me

I can't give 'til I live it
Now that my eyes are open
Teach me how to love

LOVE GOD LOVE PEOPLE
LOVE MY NEIGHBOR AS MYSELF
MY BROTHER MY SISTER
EVERYBODY LOVE SOMEBODY

Love somebody

And now it's time to make a change
Revolution day
Put it into action live compassionately
You take the black and the white
Red yellow brown
Life gets better
It just gets better when we
We look around and see all of humanity
Waiting on someone
Someone is you and me

You can't give it
'Til you live it
Now that your heart is open
Just reach out and love

You can't give it
'Til you live it
You can't live it
Until you give it away
You can't give it
'Til you live it
Now that your heart is wide open
You gotta give all of your love

You can't live without giving love
So let your heart be open
Just reach out and
Just reach out and love
