

That's Why I Love You

Israel Houghton

Hallelujah, what a mighty God
You made a way for me
You made a way for me
No one like You
Wonderful You are
You freely gave to me
You freely gave me a
Hope and a future
Now I live to worship You
That's why I love You
Because You first loved me
Yeah, You first loved me
Thank You Jesus
My whole life has changed
You laid it down for me
You laid it down for me
Out of darkness
Called me by my name
You shined Your light on me
You shined Your light of
Hope and a future
Now I live to worship You
You gave me a hope
You gave me a future
I love You
'Cause You first loved me
