

You are Not Forgotten

Israel Houghton

People walking by Very seldom they say hi They don't know how wonderful you are If they only knew all the things you've been through if only they could see your heart

I hear you crying for help Please don't blame yourself You are not forgotten (2x)

When it's time to go to sleep And try your best to keep yourself from falling apart Hmm...There's no need to fear because I'm already here And I'm the One who sees your heart Yes I am I hear you crying for help Please don't blame yourself You are not forgotten (2x)

You are not just a face in the crowd You are not forgotten, child Let me whisper it loud, "I LOVE YOU." "Oh, I love you."

You can hold your head up high cause I'll make everything alright I'm committed to you smiling again And eventually you'll see people's similarities Everyone just needs a friend, yeah

And when they're crying for help You'll be able to tell them Please tell them for me You are not forgotten (9x)

You are precious to me I'm the One, I'm the One Who sees your heart You are not forgotten (Repeat)

Just remember...you are not forgotten. You are not forgotten.
