

# Let Us All Go

## It Bites

Something's got a hold of me I don't know what it is  
But I keep breaking the law  
(Let us all go)

Something's got a hold of me I don't know what it is  
The man in the glasses don't think so  
(Don't think so)

And so we kill time getting frayed  
And rusty round the borders  
Still life heaven made with women and wine

We kill time telling tales of life before disorder  
It's me that keeps talking  
It's me that feels so fine

So fine  
So fine  
So fine  
So fine

I feel so fine

So fine  
So fine  
So fine  
So fine

Get the message from the warder  
And let us all go  
Get the message from the warder

Something's got a hold of me I don't know what it is  
I keep breaking the law  
(Let us all go)

Something's got a hold of me I don't know what it is  
The man in the white coat don't think so  
(Don't think so)

And so we move round in a trail that's strictly out of order  
Move round in a trail  
We sing songs of getting laid that's just around the corner  
It's me that keeps singing it's me that sings so fine

So fine  
So fine  
So fine  
So fine

I feel so fine

So fine  
So fine  
So fine  
So fine

Get the message from the warder  
And let us all go  
Get the message from the warder

Get the message from the warder  
And let us all go  
Get the message from the warder

Warder  
You lock me up  
You take away my lady luck  
Warder when my time is up  
I shall return my freedom
