

As Long As I Got Chords

Itchy Poopzkid

Come help me to get rid of
All the needles in my head
Take 'em to my gramophone
To scratch lullabies instead

I'll get along without you
I can live alone - so why can't you?
Why do you start anew?
I'm pretty sure I never asked you to

Hey nightmares and shadows there
I know that you are still around
Together with my headphones
I'll catch you to hunt you down

I'll get along without you
I can live alone - so why can't you?
Why do you start anew?
I'm pretty sure I never asked you to

And as long as I got chords
I will live on with
A strong leaning towards
Healing my wounds
With these old tunes
And I'll sing along
Like a thousand times before
I will pump up the volume
And start to store
The energy
Somewhere in me
And I can't go wrong

Wo-ho-oh, wo-ho-oh-oh
I know I can't go wrong
Wo-ho-oh, wo-ho-oh-oh
I know I can't go wrong

A new crutch to ease the pain
Now it's way too loud for you
My demons - you're all in vain
And it's you that I subdue

Can you feel the rhythm?
If you do the hunt is on for you
You're unforgiven
And I'm sure you'll never start anew

And as long as I got chords
I will live on with
A strong leaning towards
Healing my wounds
With these old tunes
And I'll sing along
Like a thousand times before
I will pump up the volume
And start to store

The energy
Somewhere in me
And I can't go wrong

Wo-ho-oh, wo-ho-oh-oh
I know I can't go wrong
Wo-ho-oh, wo-ho-oh-oh
I know I can't go wrong

When the heads are hanging low
I still got my stereo
It plays loud from 9 to 5
And it will keep me alive
Just a simple melody
It means everything to me
And again I got no choice
I breathe in and raise my voice

And as long as I got chords
I will live on with
A strong leaning towards
Healing my wounds
With these old tunes
And I'll sing along
Like a thousand times before
I will pump up the volume
And start to store
The energy
Somewhere in me
And I can't go wrong

Wo-ho-oh, wo-ho-oh-oh
I know I can't go wrong
Wo-ho-oh, wo-ho-oh-oh
I know I can't go wrong
Wo-ho-oh, wo-ho-oh-oh
I know I can't go wrong
Wo-ho-oh, wo-ho-oh-oh
